Amici's ...Facing Fall Head On

Dear Friends,

When we flip the calendar from August to September, many of us have thoughts of change. Whether it's getting children ready for school, starting a new job or planning to remodel a room. It's time to shift gears to fall.

The latest hairstyle trends for fall and winter are inspired by celebrities. Perhaps because of the economic environment we stayed home more and watched television and, while doing so, found hairstyles we might try for the autumn season.

Both long and short styles are still trendy. But volume is essential. Texturing gives movement.

Deep brunette and auburn colors set the trend for fall and winter hair color, while a classic blond may wish to add some subtle lowlights for depth and dimension.

As always, when you are in a hurry, pull your hair back into a side ponytail or side bun. Gather your hair at the nape of your neck and secure with a band, allowing the ponytail to fall over your shoulder.

To conceal a high forehead and unwanted lines, try bangs. Side-swept bangs are sophisticated while wispy bangs hang naturally.

For you high school and college students, highlights are always stylish. Thin or chunky, highlights and lowlights reveal a multi-color dimension to your hair that's a real eye-catcher.

Take advantage of our Back to School Product of the Month and book your appointment early to try one of our new looks.

Pack Amici's products in your backpack or carry-on. You won't be sorry!
